Lockdowns Actually Saved SHOCKINGLY Few Lives – Fake Fact Checkers DEBUNKED

When Johns Hopkins Economics Professor Steve Hanke released a metastudy indicating that COVID lockdowns had only saved a small number of lives compared to the astronomical figure that had been reported by an Imperial College study, the backlash was quick and fevered. The Imperial College researchers, along with "fact checkers" like Snopes sought to refute the claims Hanke and his co-authors made. Jimmy interviews Professor Hanke, who explains what his antagonists got wrong, how the vast majority of their criticisms were misplaced, at best, and what minor corrections to their results had been made in subsequent releases.

Up to You.

^3000US citizens have no real political representation.

We don't live in a democracy. And our freedom is disappearing fast.

I don't want to be ruled by hypocrites, whores, and war criminals.

What about you? Time to push back against the corporate oligarchy.

And its multitude of minions and lackeys.

Don't forget-
