## Trump Lowered Insulin Prices – Biden Just REVERSED IT!

---

[The Jimmy Dore Show / Aug 14, 2022](#)

Near the end of his administration, Donald Trump issued an executive order that would provide government assistance to reduce the cost of insulin for low-income diabetics. Before the order could be implemented, Joe Biden took office and his administration delayed and eventually reversed the decision.

And now, with the Inflation Reduction Act reducing the cost of insulin for diabetics on Medicare, the already sky-high insulin price paid by anyone NOT on Medicare will likely go up. Jimmy and America's comedian Kurt Metzger discuss Big Pharma's grip on pharmaceutical pricing and why Americans pay so much more for prescription drugs than anyone else in the world.

**Up to You.**

^3000US citizens have no real political representation.

We don't live in a democracy. And our freedom is disappearing fast.

I don't want to be ruled by hypocrites, whores, and war criminals.

What about you? Time to push back against the corporate oligarchy.

And its multitude of minions and lackeys.
