**Dear Friend:**

Thank you for your loyalty to The Greanville Post (TGP).

TGP has long been regarded as one of the finest sources of anti-imperialist news and commentary around the world. We strive for a world of peace grounded in individual and international justice, in ecoanimal respect (where a change of moral direction is urgent), and a political system that *truly represents the interests and wishes of the people*. That, in the eyes of our enemies, makes us *their* enemies—we go to the root of society's problems. We upset the applecart.

Our dear colleague [Caitlin Johnstone](#) has summed up our common dilemma well:

---

*None of the people driving the imperial power structure which rules over us are in their positions because of their wisdom or kindness. Oligarchs get to the top of their corporate and financial ladders by being willing to step on whoever they need to step on to get ahead. Military strategists get to their positions by demonstrating an aptitude for military domination. Intelligence officials get to*

*their positions because they understand how to facilitate the interests of the oligarchic empire. Politicians get to the top by displaying a willingness to serve imperial power.*

<>

*What doesn't make money? Kindness. Collaboration. Peace. A thriving biosphere. Health. Psychological well-being. Political transparency and integrity. Decisions made to benefit the whole. Sources of energy that can't be controlled by the powerful. Abundance. People being content with what they have.*

---

This distinction has earned TGP –and a handful of websites like ours–the hatred of the Deep State –the West's permanent oligarchic government, whose world HQ is currently in Washington, DC. This is a shadowy entity comprised of hundreds of billionaires, all certifiably imperialist, and their countless minions, henchmen, and brainwashed fools in the media, repressive agencies, and politicians, the latter mere fronts for the real power behind. As all of us know, this sociopathic mob labors 24/7 to suppress the arrival of a social and international peace grounded in justice, fairness, and genuine democracy.

---

For almost five years now, TGP has been the target of a relentless campaign of harassment comprising malicious hacks, deliberate circulation sabotage by Google, Facebook and Twitter, and other major Big Tech platforms, plus a variety of even more sordid attacks designed to shut down our site permanently. We have been branded "purveyors of fake news"–which is a laugh–considering that the chief engines of fake news have long been the US government, its NATO vassals, and its seamlessly integrated prostituted media—a real-life Ministry of Truth– and political class. What they so proudly and misguidedly insist on calling "the West". **In the last 2 months alone, TGP has been hacked 5 times, shutting down the site for 8 days, and forcing us to spend much of our scanty resources in difficult repairs.**

---

Because of the above, we ask you to be patient with us, as some functions may not operate as they did before. **The homepage may take a bit longer to open. A video may refuse to play.** We are working on all these issues, and hope that the site will be restored soon to acceptable functionality.

---

**TGP is part of a global effort by many ordinary citizens to present contemporary reality as it is.** In this struggle, as censorship advances behind a curtain of chaos and Orwellian hypocrisy, the **ONLY** thing that can bring about the liberation of humanity from this infernal system of ruthless exploitation and destruction is our remaining ability to spread the truth.

Ours is a privileged generation. Brave nations around the globe—big and small, but all great in the truest sense of that word—are rising to combat Neoliberal imperialist hegemony. A new world is finally aborning. This is a battle of communications our side can't afford to lose. Join us.

**Up to You.**

^3000US citizens have no real political representation.

We don't live in a democracy. And our freedom is disappearing fast.

I don't want to be ruled by hypocrites, whores, and war criminals.

What about you? Time to push back against the corporate oligarchy.

And its multitude of minions and lackeys.
