The controversial commentator dissects the depths of the West's mistakes in its strategy toward Russia, driven by non-negotiable russophobia, but the Empire's arrogance is blinding them to the inevitable consequences. The Western leaders have invested their political and economic future in their war against Russia, much as Zelensky has invested his last military chips in Kherson, but the regime change they dreamed of in Moscow may be coming much sooner to their own capitals.

^3000US citizens have no real political representation.

We don't live in a democracy. And our freedom is disappearing  
fast.

I don't want to be ruled by hypocrites, whores, and war

criminals.

What about you? Time to push back against the corporate oligarchy.

And its multitude of minions and lackeys.
