Editor's Note: Counter official narrative articles, videos, books and films, among other instruments of social and political education and mobilisation for the masses, are being censored nakedly and brutally across the board. As media and political analysts like Caitlin Johnstone have often pointed out, narrative control is not only important for the West's criminal ruling elites, it's essential to legitimate their rule. In a certain way, short of choosing wholesale repression, which works for a while and then fails monumentally due to its inherent instability, it's almost all they have. Accordingly, the billionaires who control the giant social media platforms, Facebook, Twitter, Google (YouTube), etc., all seamlessly integrated into the US/global ruling class by class interest and ideology, have increasingly exerted their property privilege to institute

and dictate a suffocating regime of free thought suppression. As a result, YouTube, one of the most aggressive and afascistic enforcers of conformity, along with Facebook, have delisted and deplatformed thousands of content creators, both private individuals and state entities (i.e., Iranian, Palestinians, Venezuelans media assets) and the result is what we see today, a major war, the Ukraine war, completely wrapped in propaganda. This is the reason why the materials on this page are now being displayed on Rumble and Bitchute—two small (but quickly growing) YouTube competitors—since these platforms have built their business model on the assurance of freedom of speech to their audiences and content creators. We sure hope they remain true to this promise. For never has the world been more desperately in need of truth than now that the Big Imperialist Lie—cynical, shameless, lethal, and ubiquitous—fills just about every nook and cranny of human consciousness.

^3000US citizens have no real political representation.

We don't live in a democracy. And our freedom is disappearing fast.

I don't want to be ruled by hypocrites, whores, and war criminals.

What about you? Time to push back against the corporate oligarchy.

And its multitude of minions and lackeys.
