[The Jimmy Dore Show](#)

During the first Gulf War journalist Jon Alpert evaded his government controllers and censors to smuggle evidence of civilian casualties out of Iraq to show the American public the truth about the war's devastating consequences. His higher-ups at NBC News had different ideas, however, and fired him rather than show the shocking footage. And then CBS News fired a producer who tried to bring Alpert on. It's an appalling story of self-censorship in favor of war propaganda in the US news media. Jimmy and Hard Lens Media's Kit Cabello discuss the levers used by the corporate-military-government establishment to prevent the truth about war from escaping.

**Up to You.**

^3000US citizens have no real political representation.

We don't live in a democracy. And our freedom is disappearing fast.

I don't want to be ruled by hypocrites, whores, and war criminals.

What about you? Time to push back against the corporate oligarchy.

And its multitude of minions and lackeys.
