Putin's speech, nuclear conflict rhetoric ramps up The Duran: Episode 1393

The British and the Americans are in the lead in the dangerous disinformarion narrative that could result in a nuclear exchange.

It's apparent that the Neocons—embedded in the State Department—are determined to push their fanatical anti-Russia agenda to the limit. Thus, confronted with a huge defeat in Ukraine, they will characteristically simply not accept it, double down, and go for the nuclear option—behind some grotesque lie, as usual. This would expose humanity to the perils of a real global nuclear war. The Biden administrations is clearly one of the most reckless, deranged, and dangerous administrations in history. Will the Pentagon push back or even disobey such insane orders?

^3000US citizens have no real political representation.

We don't live in a democracy. And our freedom is disappearing fast.

I don't want to be ruled by hypocrites, whores, and war criminals.

What about you? Time to push back against the corporate oligarchy.

And its multitude of minions and lackeys.
