

DAVID PEAR IN PALESTINE-SLOW MOTION FASCISM AND GENOCIDE IS HUMANITY'S SHAME.

JEFF J. BROWN—In the first book of my China Trilogy, called 44 Days Backpacking in China- The Middle Kingdom in the 21st Century, with the United States, Europe and the Fate of the World in Its Looking Glass (<https://ganxy.com/i/88276/>), I wrote that even for China, the fate of Jerusalem, the capital of Palestine and so much more, is the axis upon which all world geopolitics turn. After hosting David Pear on the show today, my convictions are considerably reinforced. Not much has changed in the last 5,000 years, with the gates of this ancient city changing “owners” 44 times (a coincidence to my book’s title).
